Dear Harold! Re. 2-13-01

Hemingway drank + used Longfords + went fishing, my kind to him! He drank more, wrote more, + fished more. Damn! He was smarter, too!

It is 12:30 am Monday Feb. 26, I really doapologize for my lack of correspondence. I have been in a fog since 1998, when Dad got sick. Lots of stuff to Clay D. ASAP, including my show.

Joe Arnold's contract to do I Cougning show a year. I want to work on other, mainly Art Bell's "Art Coast to Coast"! Bell was suspended 1 year, legal problems,

Dick WABC-NY. He is trying to "rebuild" ala Barry Albert. Next hope - perhaps you can be on!
To be brief - 2 projects

(1) What would you want in a 1-2 hr. documentary if we wrote it & (We or someone else) financed it? [P.S. Could perhaps get Noah Wyle, "Dr. Carter" on NBC, hit "ER" to write]

(2) Fruit is on the way! I wonder if you were back on fruit. Best ribbon ever! I want to buy a "quiet" typewriter so I can write you at night. Have IBM Selectric II & I read "Hitler's Secret Bankers" - shocking even to me. Once actually sold a trainload of Jews. Back to Jews.

Harold, your kind words about me & Joe Arnold show were one of the "High Points" of my life! I really have tried to represent you, Jerry McK., Dave Wrone, Greg Stone, Sylvia Reagh et al with accuracy - truth is truly stranger than fiction.

My legal experience, Auto racing radio, talks with you, Wrone, McK etc, Washington Experience Assoc. Eq. Dist. PAC - Detroit - I was deep legal expert - all have combined with meeting Joe Arnold at a Kroger opening - to make me a radio JFK-MLK expert. And they said an Honors Program History BA

wouldn't make me rich!

They are right. Thank God for Caterpillar!

Enclosed article re FBI traitor quotes good buddy Kevin A. C. A matter of my so-count friends that has won in U.S. Supreme Ct.

I'll lube up the typewriter & write soon

Love,

Bill Vest

Say "Hi!" to Cib!
